## THE ELECTION

Both Leading Parties Claiming the Ohio Legislature.

Gov. Bushnell Re-Elected by a Majority of About 26,000.

Shackelford is Elected Clerk of the Kentucky Court of Appeals by a Handsome Majority-Democrats Will Control the Kentucky Legislature.

COLUMBUS, O., Nov. 4 .- The result of the elections in Ohio is still in doubt. With more complete returns Wednesday than were obtainable Tuesday night, it is evident that it will require the official count to satisfy the contestants. The more the respective parties figure on their returns, the smaller their pluralities seem to become while their claims increase in opposite directions. The closeness of the vote has caused intense feeling and the usual cry of fraud. When the result was in doubt in 1885 it was discovered that the talley sheets were forged. Tuesday night the republicans telegraphed to all their county committees to beware of the frauds of 1885. And when the republicans were claiming the legislature by one or two majority on joint ballot, the democrats telegraphed their county committees to prepare for all sorts of fraud, and to remember that it was by a majority of one by which the great crime of 1877 was committed that defeated Tilden. The state headquarters will be kept open all week, or until the official counts are made in all of the 88 counties of the state. It is expected that there will be trouble in some of the close counties. There will no doubt be much agitation in all of them Wed-

conceded the election of the democratic representative in Wood county and changed their figures so that they now claim only two majority over all on the joint ballot in the legislature for senator. The Evening Dispatch, ind. on its advices from Wood county, changed its table so as to give the republicans only one majority on joint ballot as follows: Senate, 17 republicans, 19 democrats; house, 56 republicans, 53 democrats; totals, 73 republicans, 72

CLEVELAND, O., Nov. 4.-The Plain Dealer, democratic, in an extra edition Wednesday morning, gives Bushnell a plurality of 4,853 in this, Cuyahoga county, and says he will have a plurality not to exceed 10,000 in the state. On these claims the democrats would have 71 on joint ballot, 73 being necessary for a choice of United States senator. Of the 21 members in doubt the democrats claim they will secure a majority.

When the democratic state committee put Cuyahoga county, the home of Senator Hanna. in the doubtful list, special efforts were made by the republicans to get the vote on each of the 12 members from that county. ists would have voted with the democrats. The republicans now expect two or more of the fusion republicans to vote with them for senator, in which event they claim a majority of seven on joint ballot, with 77 republicans and 68 democrats. None of the fusion votes for senator were counted on by the republican managers in event they would be needed by the democrats to elect their nominee, but now many speculations are made about the fusion votes. There is an alleged movement which is caus-

ing much comment, and that is the rumor that Gov. Bushnell will be brought out for senator against Marcus A. Hanna. Gov. Bushnell and all others involved in this movement deny all knowledge of it, or that they would have any-

thing to do with it. SPRINGFIELD, O., Nov. 4.-Gov. Bushnell arrived home Wednesday evening. On learning of his return an impromptu parade was immediately formed and, headed by a band, marched to the Bushnell mansion. Thousands of citizens crowded on the lawn and were addressed by the governor from the porch. He thanked them for their cordial greeting and said the victory was significant, as it was the second time in 30 years Ohio had gone republican in the first election after a presidential election. He believed the result will increase confidence and give greater activity in business. Ohio will sound the key note in national politics for the next ten years. After the speech a display of fireworks was made on fountain square.

COLUMBUS, Nov. 4.-It was reported here Wednesday night that a number of republicans have pledged themselves not to go into caucus or to vote for Hanna under any circumstances. It is stated upon good authority that Gov. Bushnell will be the choice of the opposition for senator. This movement will have the support of Lieut. Gov. Jones and his friends, as he will succeed Gov. Bushnell.

Contrary to the expectations of many the election was a comparatively quiet one. There was not a great deal of scratching and the minor personal issues were lost sight of when the votes came to decide on those involved in the struggle between the leaders. There is no doubt about the constitutional amendment carrying in Louisville.

LOUISVILLE, Ky., Nov. 3.-A large number of counties of Kentucky being inaccessible to telegraph or telephone, returns are so delayed that it is difficult to give a positive result on the only state office contested for, that of clerk of court of appeals. However, enough is known to show that Mr. Bailey, the republican nomince, has made a splendid race, but the latest indications are that Shackelford, the free silver democratic nominee, will be elected by candidate, carried the strength of his party.

DESMOINES, Ia., Nov. 4.-The election by counties are nearly in now. Chairman McMillan, of the republican state committee, has complete returns from 94 counties and has estimated returns from the five remaining counties. By this means he has figured a plurality for Shaw (rep.) of about 31,782. He thinks that these figures will vary but little from the corrected returns when the five estimated counties come in, the plurality may be set down as above 31,-000 and below 32,000. Chairman Walsh, of the democratic state committee, has given out no figures Wednesday night. He thinks that errors in the returns may reduce the plurality for Shaw to 20,000.

The republican plurality last year was 65.522, according to republican estimates; is therefore, just about cut in two. Two years ago it was 59,009 for Drake for governor. Then the populist have a separate ticket. If the populist vote be subtracted, the republicans will have a larger plurality this year than two years ago. The legislature is safely republican. The senate has 50 members of which 38 republicans, which leaves 12 populists and democrats. The house has 100 members of whom the republicans have elected 61 and the populists 1,171; Hasbrouck, social labor, 166. and democrats 39. The republicans lost four members in the senate and 17 in the house compared with the last legislature, which was overwhelmingly republican.

KANSAS. TOPEKA, Nov. 4 .- At a late hour Wednesday night the returns from Tuesday's election were still very incomplete. The indications are that the republicans have elected 8 of 13 district judges voted for. Among republican leaders here it is positively claimed that the republicans have elected 10 of the judges and they concede 3 to the fusionists. On the other hand the fusionists claim to have been successful in 8 of the judicial districts but no figures are given Incomplete and unofficial returns 90 of the 105 counties of the state would indicate republican victories in almost half of the county elections. The returns show that in 49 counties the republicans have elected all or nearly all of their candidates for county offices. In 14 counties the fusionists have elected all or nearly all of their candidates. In 26 counties the offices are about evenly divided between the fusionists and the republicans. one county a straight democratic ticket was elected. However, in the face this apparent success of the republicans in almost half of the counties, Taylor Riddle, chairman of the populist state organization issued a statement Wednesday night in which he shows that previous to Tuesday's election the populist held only 194 out of over 700 county offices which were filled by the election, and which he claims that the elections show that the populists have increased their number of office holders to at least 350 and possibly 375. MARYLAND.

BALTIMORE, Nov. 4-Chairman Vandiver, of the democratic state central committee, said at noon Wednesday that the result on the legislative ticket in Maryland now depends on a single vote. He has counted 58 as being certain in the democratic column, and expects to get one from Montgomery county to make it certain. Calvert county is also to be heard from and he has strong hopes of carrying it. The democrats, however, insist that they will get at least three votes there.

Marshai Blanco has issued the following proclamation to the inhabitants

"I am again among you, with good will and a sincere desire to serve the general welfare and to establish a lasting peace. "Clemency awaits all who observe the laws, but however regretable it may be, I shall rigorously fight those who obstinately or ungratefully continue to carry on war."

The following proclamation has been issued by Marshal Blanco to the armed forces of the island: "I desire to express my admiration for you who, in two years of hard campaign, have always bravely fought the infamous revolution. This I soon expect to suppress through your heroic efforts and with the concurrence of the whole country, which will unhesitatingly side with us to fight the victims of hallucination who aspire only to what must bring their complete destruction, to which all offers, as the only compensation, treason to the history of their race or the sale of their country to the foreigner. Let there be war, therefore, on the stubborn enemies of the Spanish people and protection for those who seek the elemency of Spain; and let this war, which dishonors us, and is making us penniless end forever."

British Ship Goes Ashore.

SAN FRANCISCO, Nov. 2,-The British ship Moreton, which left Tacoma about three months ago for Delagoa bay, South Africa, went ashore at the entrance of Lorenzo Marquese on Sunday. The news of the disaster was received at the Merchants' exchange. The vessel was in a bad position and the water was flowing into her hold. It was expected, however, she would be floated at the next high tide. The vessel was loaded with lumber.

Fire in a Mine. Houghton, Mass., Nov. 2.-Fira

broke out in the Central mine Monday afternoon. The miners ascended to the surface at once. Later it was discovered that Frank Stanton, agent of the mine, with his father, John Stanton, of New York, secretary of the company, and Wm. Paine, of Boston, were still in the mine. A relief party descended into the miss and by almost supernuman efforts rescued the imprisoned men who were well nigh exhausted. The mine openings have all been sealed air tight and the fire will be suffocated in about a week.

General Lassitude. We are provided with five organs for keeping the blood pure; they are the skin, the kidneys, the liver, the lungs and the bowels. The blood becomes impure for one or both of two reasons: First, something impure has been put

into it; Second, the five excretory organs have not been sufficiently active. Owing to its complicated formation, the blood is liable to many morbid changes. If any of the organs just mentioned are not in perfect working order, so that impurities are retained, the blood becomes disordered and even diseased. When corrupted, its impurities are absorbed by the tissues, causing eruptions, fevers, lassitude and langour. For restoring the above organs to a healthful condition there is no medicine so effec-tive on Dr. M. A. Simmons Liver Medi-
